

## Wensen Qi/Vincent Cazeneuve's Biography

Wensen Qi/Vincent Cazeneuve as he's called in china, studied at École des Métiers d'Art in Revel with expertise in wood cabinet making, marquetry and gilding. Lacquer painting, one of the most ancient arts in Asia, acted like a strong magnet to him. So Wensen COMMITTED himself to live in China and with his own language deciphering the work of lacquer, learning the processes from traditional lacquerware.

Simultaneously, he blends his own creativity into Chinese lacquer traditions, mixing elements with his western roots. Wensen is deeply touched by way the materials are changing with effect of the time elements. He is also fascinated by the ability of human being to transform natural materials all along history.
