Life should always be a celebration.

In Sin Sin's universe, there are always reasons to celebrate. Together, let's also be grateful for the small things in life. No matter how difficult the world may seem, a source of light is always within us.

At the beginning of a new year, Sin Sin Fine Art presents "Celebration" - a group exhibition showcasing artworks of ten artists from all over the world and their own interpretations of "celebration". As Colombian painter Fernando Botero said, "Art should be an oasis: a place or refuge from the hardness of life". We are pleased to invite you to join our oasis of art and to experience how international artists cherish life in their works.

### **About Sin Sin Fine Art:**

Sin Sin Fine Art is the first and main force in Hong Kong to bring Indonesian artworks to this city and open new windows for them to the international art scene. Sin Sin Fine Art focuses on contemporary art from all over the world that is spiritual and inspiring. The gallery cultivates a collection of works by selected international artists. Sin Sin Man considers herself a risk taker, in a sense that her selection of artists is based not on their market value but on their genuine visions and talents - no matter where they come from. This approach proved to be fruitful with many of the artists that later received recognition abroad.

### **Note to Visitors:**

The gallery will open to the public in compliance with the Hong Kong government's health guidelines regarding social distancing and visitor and staff protection.
